SECTION B - POLICY STATEMENT

B.1 Principles

SAIBT/CELUSA is committed to academic integrity and fairness in assessment. The management of academic integrity is an educative process for students throughout their learning.

What does Academic integrity mean?

It is a fundamental principle that all students act with integrity in the creation, development, application and use of ideas and information. This means that:

- all academic work claimed as original is the work of the author making the claim
- all academic collaborations are acknowledged
- academic work is not falsified in any way
- when the ideas of others are used, these ideas are acknowledged appropriately

B.2 Policy

1 Student information

- 1.1 As part of the information provided to students SAIBT/CELUSA will draw their attention to the policy and procedures covering academic integrity.
- 1.2 Academic integrity will be discussed in lectures and information provided in teaching and study support material.
- 1.3 SAIBT/CELUSA recognises that academic misconduct can occur through not being familiar with academic conventions so all allegations will be considered in the context of the following factors:
 - the extent of the misconduct
 - the student's intention and/or motivation
 - contextual factors such as:
 - the stage/level of program
 - the number of previous offences
 - student's learning background
 - academic conventions within the relevant discipline
 - any applicable information about the student

2 Forms of academic misconduct

- 2.1 Plagiarism is a specific and serious form of academic misconduct, and includes:
 - copying the work of other persons without clearly indicating the origin, including both paper-based and electronic sources of material from:
 - websites
 - books
 - articles
 - theses
 - working papers
 - seminar and conference papers
 - internal reports
 - lecture notes or tapes
 - visual materials such as photographs, drawings and designs
 - using very close paraphrasing of sentences or whole passages without due acknowledgment in the form of referencing the original work

- collusion
- submitting work that has been written by someone else
- copying computer files, algorithms or computer code without clearly indicating their origin
- submitting work that has been derived, in whole or in part, from another student's work by a process of mechanical transformation (e.g. changing variable names in computer programs)
- in any way using or imitating another person's ideas and manner of expressing them where such assistance is not expressly permitted

2.2 Breaches of the Examination Conditions.

2.3 Inclusion of material in individual work that has involved significant assistance from another person, where such assistance is not expressly permitted in the module outline.

2.4 Falsification or misrepresentation of academic records, or any other document submitted in relation to an academic program.

2.5 Any other actions that contravene the principles of academic integrity.

2.6 SAIBT only

2.6.1 Presentation of data with respect to laboratory work, clinical placements, practicums, field trips or other work, that has been copied, falsified or in any other way obtained improperly.

2.6.2 Seeking or providing assistance to a student in the presentation of individual work, where such assistance is not expressly permitted in the module outline.

3 Assignments

3.1 Submission

3.1.1 A student's username and password is equivalent to their signature when used to submit an assignment electronically and by 'signing' students are acknowledging that they have not breached this policy.

3.2 Detection

3.2.1 Work submitted by a student may be subjected to text-comparison software to identify breaches.

4 Investigation of academic misconduct

4.1 SAIBT/CELUSA will appoint appropriately trained Academic Integrity Officers (AIO) to investigate cases of academic misconduct.

4.2 If there are concerns with academic integrity for minor assessment tests or homework a lecturer will address this with the student in the first instance but if it continues it will be escalated to the AIO.

4.3 Where an academic staff member has concerns that a student may be involved in academic misconduct, they will identify and discuss the issue with an AIO.

4.4 If the matter needs further exploration, the student may be asked to attend a meeting with the AIO.

4.5 If it is suspected that academic misconduct took place, the student may be required to take part in a viva voce.

- 4.6 If it is determined that no academic misconduct was involved no further action will be taken.
- 4.7 Cheating in examinations and breaches of the Examination Conditions will be investigated and may constitute academic misconduct.
- 4.8 If it is concluded that academic misconduct took place the student will be advised of the offence and penalty as detailed in the attached **Schedules**.

5 Penalties

- 5.1 If an investigation of academic misconduct results in a penalty, the student will be notified including the reasons for the outcome.
- 5.2 If a student is suspended for academic misconduct a change of Program will not normally be considered during the suspension and no cross-institutional study will be permitted during the suspension period.
- 5.3 International students who are suspended for academic misconduct will also have the suspension reported to Immigration which may result in the cancellation of their current Confirmation of Enrolment (CoE) and may affect their student visa.

6 Appeals

- 6.1 A student who is dissatisfied with any decision made under this policy may lodge an appeal under the provisions of the **Student Grievances and Appeals Policy**.
